

Moore Road Upgrade

Location

Kewarra Beach, Cairns,
Queensland

Client

HS Vision Group

Project Value

\$3 Million

Start Date

February 2007

Office Responsible

Cairns

Responsibilities

Black & More provides conceptual designs, liaison and consultation with Cairns City Council, civil engineering design and documentation, major culvert analysis and design, tendering and procurement

Project Scope

Cairns City Council's Transport Network Plan identifies the need to upgrade Moore Road to a standard commensurate with planned development in the area, including the Paradise Palms Country Club. Black & More was engaged by HS Vision Group, on behalf of Cairns City Council, to provide engineering services in the delivery of the planned infrastructure upgrade.

Black & More's involvement has entailed:

- program development and management;
- concept design development and reporting;
- extensive liaison with Cairns City Council;
- engineering design and documentation of planned infrastructure, including road, water and sewerage works, and;
- tendering and procurement of civil contractors.
